SUMMARY

Front-End Developer passionate about building responsive and interactive web applications. Skilled in HTML, CSS, JavaScript, and TypeScript with hands-on experience working with APIs and asynchronous programming. Currently continuing the Frontend track through the Digital Egypt Pioneers Initiative (DEPI), focusing on clean code, performance, and user experience.

TECHNICAL SKILLS

- **Languages & Frameworks:**
HTML5, CSS3, JavaScript (ES6+), TypeScript, Bootstrap
- **Web & JavaScript Concepts:**
REST APIs, Fetch API, Async/Await, Promises, DOM Manipulation
- **Tools & Platforms:**
GitHub, Git, VS Code
- **Concepts & Practices:**
Responsive Design, Cross-Browser Compatibility, Clean Code, UI/UX Principles

PROJECTS

Weather App

- Developed a responsive weather application that retrieves real-time weather data using a public REST API.
- Implemented API requests using Fetch API and asynchronous JavaScript (Async/Await).
- Integrated browser Geolocation API to automatically detect the user's location.
- Displayed a 3-day weather forecast including temperature, weather conditions, and icons.
- Implemented dynamic search functionality to retrieve weather data by city name.
- Updated UI dynamically using DOM manipulation.

Personal Portfolio

- Designed and developed a personal portfolio website to present projects and technical skills.
- Built responsive layouts with interactive UI elements.
- Applied clean structure and reusable components.

GitHub: <https://github.com/medokalel/PersonalPortfolio>

Live Demo: <https://medokalel.github.io/PersonalPortfolio>

Bakery landing page

- Designed and developed a responsive bakery website to showcase products and services.
- Implemented modern layout techniques and mobile-first responsive design.
- Focused on clean UI and smooth user experience.

WORK EXPERIENCE

Digital Egypt Pioneers Initiative (DEPI) – Frontend React Track Trainee | Oct 2025 – Present

- Built responsive web interfaces using HTML5, CSS3, and modern JavaScript.
- Worked with REST APIs using Fetch API and Async/Await.
- Developed interactive UI components using DOM manipulation.
- Learned and applied TypeScript fundamentals for writing scalable and maintainable code.
- Practicing debugging, clean code, and real-world project workflows.

EDUCATION

Bachelor's Degree | Higher Institute of Engineering and Technology – Tanta

2023 - 2027

Department: Communications and Computers

LANGUAGES

- Arabic (Native)
- English (Professional Working Proficiency)
